DECLARATION OF FRITZ SCHOPPE

Sir:

I, Fritz Schoppe, declare the following:

1. I am an attorney for Schoppe, Zimmerman, Stöckler & Zinkler, an Intellectual Property law firm in München, Germany. I am responsible for obtaining inventor signatures of all patent applications.
2. Diligent effort was made to reach the inventor Niels Rump.

In particular, a letter was mailed to Niels Rump at his last known address of Brückenstrasse 13, D-91056 Erlangen Germany on 27 June 2001 which included a Declaration and Assignment. Please see the enclosed copy of the letter. The package was returned by mail stating 'Address Unknown'. Please see the copy of the label enclosed herewith.

On 2 July 2001, a letter was mailed addressed to the family of Mr. Rump at the same address. This letter was also returned stating 'Address Unknown'.

A request has been submitted with the residence registration office in Erlangen in an attempt to locate Mr. Niels Rump. The request revealed nothing else as the last known address in Erlangen.

Also, a request was submitted with the telephone inquiry office, which revealed that Mr. Niels Rump was not registered in Erlangen.

3. At the time the application was filed, Applicant had a good faith belief that the inventor would be available and would therefore sign the Declaration and the Assignment. Subsequent attempts to communicate with the inventor and to obtain the inventor's signature have proved fruitless. Accordingly, Applicant has made a bona fide attempt to comply with the provisions of 37 CFR § 1.47.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.
